

SUPPORTING YOU WITH THE COST OF LIVING

We're all being affected by rises in energy bills, food and petrol, and many of us are struggling to keep up and to make ends meet.

Derby City Council has partnered with Community Action Derby, and Derby Homes to create an online hub with advice and support about dealing with the cost of living, to help with rising costs including:

Save money on your energy bills

with this energy saving advice

Temperature is key!

Setting your thermostat and boiler to the correct temperature could shave over £100* off your heating bills each year. Don't forget to adjust the temperature valves on radiators too!

Increase insulation

Adding more insulation and draught proofing will keep things warmer in winter and cooler in summer.

Check appliances

Using energy efficient lighting and appliances cuts electricity costs. Check the energy rating on items you purchase.
