## Scheme Sheet

### Home Energy Schemes for Derby City Residents – March 2010

Scheme name and details	Eligibility and Contact Details
<p><b>Warm Front</b> Government grants for insulation and heating of up to £3,500. Work offered depends on how the home was built, and the current insulation and heating. The scheme can not replace inefficient working boilers.</p>	<p>Owner-occupiers and private tenants. Must be in receipt of certain income or disability-related benefits. <b>DHEAS</b>                      <b>Warm Front</b> 01332 255004              0800 316 6011</p>
<p><b>Warm Front £300 Heating Rebate Scheme</b> £300 cost off the cost of the repair or the installation of a central heating system. The scheme will not replace old inefficient working boilers and the voucher must be claimed before any work is carried out.</p>	<p><b>Warm Front</b>                      0800 316 6012 Available to owner-occupiers and private tenants over 60 and either not on benefits or not eligible for the main Warm Front grant.</p>
<p><b>Free insulation for the over 70s</b> Most of the insulation schemes listed on this sheet will provide you with free cavity wall insulation (where possible) and free loft insulation (where there is 2" or less) if you are aged 70 or over and an owner-occupier or private tenant.</p>	<p>Please contact your energy provider using the number on your bill or one of the numbers below, or call DHEAS on 01332 255004 for more information.</p>

\* Insulation is free if you receive a qualifying benefit, as long as there is a suitable cavity for cavity wall insulation and the loft space is suitable for standard insulation and has 2" or less of insulation at time of survey.

- It is always advisable to obtain more than one quote when doing any works in the home.
- Every effort has been made to ensure that all the information is accurate at the time of print. If you have any queries, please contact an Energy Advisor on our advice line: 01332 255004.
