How will we know we've made progress?

The five plans above are led by the five Boards also described above. These 'Outcome Boards' are overseen by the Leadership Board which made up of balanced representation from across the public, private and third sector. This provides the range of knowledge, experience and expertise to be able to challenge and scrutinise progress.

Safeguarding Children and Adults

Recognising that Safeguarding is 'Everyone's business' the independent Chairs of both Adult and Children Safeguarding Boards will attend Leadership Board at least annually to share their annual report and plan for the coming year. This contributes to robust governance arrangements for Safeguarding.
