

BUSINESS QUARTERLY

Derby Jobs Success

This quarter Derby Jobs have supported 57 employers to recruit their talent. Helping them recruit 90+ jobseekers into employment.

Derby Jobs Live webinars have supported 2 webinars and is available if your business has 30+ vacancies you are wanting to recruit.

We have had lots of positive feedback, [click here](#) to see what employers have had to say about Derby Jobs

Derby Jobs Cafe

This quarter Derby Jobs Café recruitment events, supporting our employers to recruit inclusively in an informal café setting.

Our first event was with our Disability Confident employers and the second took place in June 2023, as part of National Refugee week; supporting our refugee and minority ethnic communities into employment. The event took place between 10-12. We had 25 employer stands and well over 200 attendees.

“We attended the Café event and really enjoyed showcasing our opportunities. At Motus Commercials our people are our most important asset, we had a great response from the event and are looking forward to seeing applicants come through.”

Amanda Tucker, Recruitment Team, Motus Commercials

We also invited a number of providers to attend, such as UK ENIC, who certificate qualifications gained abroad.

“It was fantastic to speak with so many individuals and organization’s about how we can help. We’ve been invited to future events off the back of this one and we’re looking forward to continuing to help those who need our services.”

Stephanie Boyer, Enquiries Service Centre Manager, UK ENIC

Training Success for the Unemployed

242 unemployed individuals have been supported into employment via Derby Jobs facilitated Training In2 Employment Programmes, where we connect the employer to a skills provider, to provide a useful or

required skill to unemployed cohorts so that they can secure employment with that specific employer. The provider will recruit and support individuals to complete the course and prepare them for a guaranteed interview with the employer. 70% of those who complete the course are hired by the employer! This programme is delivering fantastic results for the individual, the skills provider and the employer.

“We’ve had some great individual success as a result of the Derby Jobs Training In2 Employment programme. David was one our first”. Joe Maher, Head of Training at trentbarton. To hear David’s story [click here](#).

Derby Jobs options for employers

- 1- Advertise your vacancies on our Derby Jobs Weekly – reaching 4,000 jobseekers, providers, and employment support professionals.
