Derby City Learning Disability Partnership Board

What does the Partnership Board do?

The Derby City Learning Disabilities Partnership Board (you may see this written as **LDPB**) is a meeting where people with learning disabilities, carers, and people from Derby City Council and local health and community services work together to improve the lives of people with a learning disability in Derby.

We meet to share information and give an opportunity for people with learning disabilities and their carers to have a strong voice in the community.

The LDPB treats people with learning disabilities as equal partners and wants to hear their voices.
