

Job success June

Our Derby Jobs Success for June is Richard, he successfully completed a Training in2 Employment course with DBC Training and has been employed as a cleaning operative with Derbion.

Richard had been out of work for 3 months and was looking for a new challenge. He subscribed to receive the Derby Jobs Newsletter and saw the Course advertised with DBC training for a guaranteed interview with the Derbion. The job role and hours suited Richard and he applied to the course straight away.

Richard enrolled onto the Training in2 Employment course with DBC Training and completed a Customer Service training and interview preparation. He attended the interview and was offered employment.

Richard commented

“I saw the opportunity on the Derby Jobs Newsletter, the hours suited me, and the chance of the guaranteed interview was appealing. I was able to gain a Customer Service Qualification through DBC Training as well. All in all, the experience has been really positive, and I am enjoying being back in work and looking to progress”
