# Derby Jobs Cafe quotes

“I attended the ***Derby Jobs Café event*** as a Prison Employment Lead, to network with businesses that may be open to working with serving prisoners or prison leavers.

Without Derby Jobs putting together events such as the Derby Jobs Café, I may have missed the opportunity to connect with employers and therefore missed an opportunity to support a prison leaver into sustainable employment and ultimately reduce reoffending.”

# Employment support opportunities

“Derby Jobs have kept us fully updated regarding ***employment support opportunities*** available for the young people we work with. Following the Derby Jobs Live with GXO, they organised for us to visit, meet and discuss job vacancies at the Derby site. It was fantastic to actually have visits to see the working environments. It gave me a good insight, so I could share this with young people prior to them submitting applications”
