

## Pharmaceutical Needs Assessment, 2018-2021

# Supplementary Statement 05

This supplementary statement has been prepared and issued by the Derby and Derbyshire Joint PNA Steering Group on behalf of the Derby City and Derbyshire County Health & Wellbeing Boards, in accordance with the requirements set out under the National Health Service England (Pharmaceutical Services and Local Pharmaceutical Services) Regulations 2013 (SI 2013 No. 349) and amended in 2014, 2015 and 2016 [“the Regulations”]. The statement has been issued in accordance with Part 2; 6 (3) of the Regulations and updates the [Pharmaceutical Needs Assessment \(PNA\) 2018-2021](#) published by the aforementioned Council’s on 26<sup>th</sup> March 2018. The updated information that follows supersedes some of the original information contained within the PNA and should be read in conjunction with that document and Supplementary Statements 01, 02, 03 and 04. Changes noted reflect those that have occurred between the dates of 1<sup>st</sup> April 2019 and 30<sup>th</sup> June 2019.

**Table 1: Changes to pharmaceutical provision in Derby and Derbyshire since publication of the PNA 2018-21**

### Pharmacy opening hours

Pharmacies are able to apply to NHS England for changes to core opening hours, or notify them of changes to additional supplementary opening hours, throughout the year. Since publication of the PNA in March 2018 there have been a number of changes to individual pharmacy opening times. Pharmacies are required to keep their NHS Choices entries up to date. For details of individual opening times that may have changed since PNA publication, please review the relevant entry on the [NHS Choices website](#).

Table 2 highlights the change in number and rate of community pharmacies per 100,000 head of total population. In June 2019 the Office for National Statistics (ONS) published the mid-2018 population estimates for UK, England and Wales, Scotland and Northern Ireland<sup>1</sup> which updates the previously published mid-2016 figures used in the PNA 2018-21. Taking into account these and the cumulative changes to provision since publication of supplementary statement 04; Amber Valley, Bolsover and Erewash have seen a reduction of one pharmacy per 100,000 population. South Derbyshire has seen a reduction of two pharmacies per 100,000 and North East Derbyshire has seen a gain of one pharmacy per 100,000. Amber Valley, Erewash and South Derbyshire have seen a physical reduction of one pharmacy while North East Derbyshire has gained one pharmacy. Whilst there has been no overall change to the rate of provision across the Derbyshire STP area (21 pharmacies per 100,000 population), it should be noted that Derby City has experienced a reduction to the rate of provision across the city (23 per 100,000 population).
