Question	Response/ findings
<p>What are the main aims and objectives or purpose of the policy, practice, <u>service or function</u> that you are assessing?</p>	<p>To ensure businesses comply with their legal requirements. The ultimate aim is to provide safe communities and to protect public health.</p>
<p>Who implements, carries out or delivers the policy, practice, <u>service or function</u>? Please state where this is more than one person, team, department, or body – and include any outside organisations who deliver under procurement arrangements</p>	<p>The Advice Service is set out in the Service Plan. Managers oversee the service provision. All departments/ sections provide advice. Since October 2005 Consumer Direct take all telephone advice (to consumers). This is a DTI initiative which is based in Lincoln for the East Midlands Area.</p>
Question	Response/ findings

<p>Who is affected by the policy, practice, service or function, or by how it is delivered? Such as, who are the external and internal customers, groups, or communities?</p>	<p>The external customers are all members of the community and businesses within the city of Derby. There are a few instances where advice will be given to internal departments – e.g. advice on planning applications, and advice to Derby Homes.</p>
<p>What outcomes do we want to achieve, why and for whom? For example, what do you want to be providing, how well, what changes or improvements, and what should the benefits be for customers, groups or communities?</p>	<p>The Department wants to ensure compliance with the legal requirements. The ultimate aim is to protect the community.</p>
<p>Question</p>	<p>Response/ findings</p>

<p>What existing or previous inspections of the policy, practice, service or function are there? For example, Best Value Inspections, policy reviews, research into the effects of a policy or practice.</p> <p>What did they tell you?</p>	<ul style="list-style-type: none"> - Customer Satisfaction Surveys are sent out on a regular basis. (Random selection usually 5-10%). - Peer review – (Trading Standards Inspection & Consumer Advice). - FSA – audits of “Advice to Businesses” (Food Safety and Food Standards). - QA – audit completed June/July 2006. <p>The audits have in general informed us that we are carrying out this function to a high standard.</p>
<p>Identifying potential equality issues and factors</p>	
<p>Question</p>	<p>Response/ findings</p>
<p>What do you already know about the equality impact or need? For example, from research, feedback, consultation or any performance monitoring</p>	<p>A monitoring exercise to determine the mix of Environmental Service Division customers – October 2001.</p>
<p>Question</p>	<p>Response/ findings</p>

<p>Is there any evidence of higher or lower take up under the policy or practice, or of the service or function for any particular groups? For example, who uses the service, who doesn't and why not?</p>	<p>The monitoring exercise established that a significant number of our customers are Pakistani, closely followed by Indian and then other white background which appeared to correspond with the make up of the minority ethnic population in Derby in 2001.</p>
<p>Have there been any important demographic changes or trends locally? For example is the population changing, and if so, how and what might that mean for the service or function?</p>	<p>The increasing numbers of asylum seekers to Derby and the expansion of the EU bring demands for translation services in languages other than the principal languages. Whilst some of our employees have skills in Punjabi, Urdu and Hindi, this is not the situation for Kurdish and other Eastern European languages.</p>
<p>Question</p>	<p>Response/ findings</p>

<p>Is there an indication that any of the policies or practices involved with the service or function creates particular problems or difficulties for any groups of customers or communities?</p>	<p>- Customers/communities that could be at a disadvantage are those who have a difficulty in reading English, as advice is given in English through leaflets, letters, etc.</p>
<p>What information or data exists? For example, statistics, customer feedback, complaints, research, monitoring – who keeps it and can you get hold of it?</p>	<p>- Customer Satisfaction Surveys have requested Equalities Information. - Formal Complaint records. The records show that we have not received any complaints relating to equality issues during the last 2 years.</p>
<p>Question</p>	<p>Response/ findings</p>

<p>Does any equality or diversity objectives already exist? If so, what are they and what is current performance like against them?</p>	<p>Equality and diversity objectives already exist and they are specified in the Service Plan for the Division 2006/2007 and the Equality & Diversity Action Plan 2005/2008. A review of our actions at the end of 2005/2006 indicated that the objectives for the year had been met.</p>
<p>Is the service having a positive or negative effect on particular people in the community, or particular groups or communities?</p>	<p>The Service is generally having a positive effect on all people in the City of Derby because it aims to improve standards of legal compliance.</p>

Collecting the information and data about how the policy, practice, service or function, impacts on communities

Please record your information and data in this table and think about:

what information or data you will need
 using both quantitative and qualitative data
 making sure that where possible there is information that allows all perspectives to be considered
 identifying any gaps in the information/ data and what it can tell you

Data or information	When and how was it collected?	Where is it from?	What does it tell you? You need to consider all six equality strands where you can	Gaps in information
Customer feedback and complaints	Collected on a regular basis. Customer Feedback Surveys.	Consumers, (civil legislation) Business Operators and the public who use our service.		Questions are not currently being asked on Sexuality; Religion; and sometimes Disability.
Consultation and community involvement	Trading Standards Consumer Advisors attend: Central Library; Alvaston Library; CAB

Workforce profile	Through the recruitment and selection process	Recorded on vision	Recorded centrally	
Where service delivered under procurement arrangements – workforce profile for deliverers				
Monitoring and scrutiny outcomes	Not applicable			

Analysing the information and data and setting equality objectives and targets

Please give your detailed findings in this table

Service or function	Policy or practice	Findings	Which groups are affected and how	Whose needs are not being met and how?
Advice to businesses.		There are gaps in the feedback that we obtain from existing consumers and businesses	Sexuality, religion, disability	We are unable to determine the feedback from these groups as the information is not being collected by all sections.
		The information that is currently collected has not been reviewed for Equality purposes.	Potentially any of the groups.	

		We have not determined it, there are barriers for some groups; thereby preventing their use of the advice service.	Potentially any of the groups.	Not yet known.

Objectives - process, impact or outcome based

Please give your proposed objectives/ targets in this table

Objective/Target:	Complete consultation to find out if there are barriers for certain groups thereby preventing the take up of our advice service
