<b>Grants to be disclosed</b>	<b><u>729,462</u></b>	Combining Counter Narrative

## Derby Enterprise Growth Fund - DEGF

**Regulation 12(5)(e) exception** applies to the organisation/recipients name. This is because there were confidentiality provisions in the agreement between the Council and the organisations/recipient's and disclosing this information without consent would breach the confidentiality agreements.

If the Council is seen not to be respecting confidences, even when set out in the contract and agreements then it is likely to discourage others from doing business with the Council and affecting the Council's ability to get best value for money through weakening its negotiating position.

The names of the organisations (recipients) have been removed.
