Development Fund

Are you a small to medium sized business in Derby or Derbyshire?

Save money with D2 Energy Efficiency

Free energy checks
Make your business more
energy efficient and
increase profits

Funding

Grants of £1-15,000 for measures to reduce energy use, e.g.

- ✓ More efficient process equipment
- ✓ Improved lighting and controls
- ✓ Renewable energy – e.g. solar
- ✓ Insulation or improved heating

See over

This project is part-funded by the European Regional Development Fund as part of the European Structural and Investment Funds Growth Programme 2014-2020.

How does **D2 Energy Efficiency** work?

1. We visit you and recommend energy saving improvements.
2. You decide on the best options for your business.
3. Subject to eligibility, your business could receive a grant for up to 65% of the cost.

Previous grants

After an energy audit, **Mercian Cycles Ltd** installed an energy efficient air compressor in their Derby factory, saving £800 per year.

“The noise level of the new compressor is much lower than the two old compressors which has had a positive impact on the working environment.” Jane Mosley, Director

Tidyco Ltd received a grant of £11k for dimmable LED lighting, with occupancy sensors, saving at least £1,700 per year.

“We have a more efficient lighting system using 60% less energy, so it’s a win-win all around.” Philip Mason, Production Director
