Mr John Acres	Acres Land & Planning <i>for</i> British & Continental Co Ltd

*Main issue - Whether the Local Plan provides a sound strategy for the provision, protection, enhancement or designation of green infrastructure and open space*

- a) Does the Local Plan appropriately address development in the Green Belt in the context of national policy?
- b) Do the criteria in Policy CP18 provide an appropriate basis for the consideration of proposals for development in Green Wedges?
- c) Should Policy CP18 include a commitment to review Green Wedge boundaries in the Part 2 Local Plan in the context of the need to provide non-strategic housing allocations?
- d) Is the green infrastructure strategy in Policy CP16 justified and deliverable?
- e) Are the standards for the provision of public green space in Policy CP17 and Appendix D justified?
- f) Is the Local Plan based on an appropriate assessment of the need for new sports facilities? Does the Local Plan, and Policy CP17 in particular, provide an adequate framework for the protection and development of sports and recreation facilities?
