

Indoor Sport

What is indoor sport?

As defined in the Licensing Act 2003, an 'indoor sporting event' is a sporting event which takes place wholly inside a building, and at which the spectators present at the event are accommodated wholly inside that building. A 'sporting event' means any contest, exhibition or display of any sport and 'sport' includes any game in which physical skill is the predominant factor and any form of physical recreation which is also engaged in for purposes of competition or display. It is not the activity that is licensable it is for the protection of the audience at the event, for example: health and safety.
