- Help everyone with the latest, clear information
- Consider the financial support available locally and nationally
- Assist with managing through this crisis
- Explore a six-step decision making and future sustainability planning process
- Learn from your experiences of what is working well
- Consider future support from the LA
- Ask and answer questions
- Support planning for the new academic year.

We will go through a six-part process

But first, an update from Derby City Council

And a word about leadership:
Managing through this crisis

Change like never before

- Our direction has been diverted in unimagined ways
- It is difficult and often overwhelming for everyone
- Its our biggest ever challenge
- This challenge will continue for months to come
- Things are uncertain and there are many unknowns
- Everything has changed and will change
- Families will have different needs and demands
- Our ability to deliver is changed
- We must lead and manage change

Providers' three key challenges:

- 1. Health and safety and wellbeing** of children, families and our workforce.
- 2. Finance.** Including early years funding, paid-for childcare income, costs and expenditure, and COVID-19 Government funding schemes.
- 3. New ways of working,** prompted by changed demand, new models of delivery, and the need to manage different groupings of children.

We all work differently, in different ways and times.

The REST

Some people
act first.

We learn from
their successes
and mistakes.

Some people get
on board quickly.

They help us to
work details out.

Then there is usually
a gap when not
much happens.

Some want to wait
and see how that
goes, then act.

We learn from their
careful approach,
and things start to
feel 'typical'.

Some are still
cautious and
interested.

They benefit from
the embedded
experiences so far.

A few are still not
ready to act.

We should help and
support with their
confidence and
plans before it is
too late.

Key Govt. 'asks' for re-opening

- Follow scientific advice
- Prioritise younger children
- Take protective measures
- Work with small, consistent groups
- Prioritise attendance of vulnerable children and keyworker children of all ages

What principles can help us?

- We can help each other
- Use guidance, don't allow it control you
- Invest time in listening and acknowledging
- You are going to have to make decisions
- Be prepared to let go of what used to be
- Also take the longer-term view
- Look after yourself

Starting the six-part process

- Government financial support
- We have produced and you will receive a summary A–Z (with links)

Bounce Back Loan		Easy to apply for smaller business loans.
Business Interruption Loan Scheme		Larger loans more suitable for larger businesses.
Business rates support for nursery businesses		If you pay business rates as a nursery business, you are entitled to a 12 month holiday period from 1 April 2020.
LA Discretionary Grants Fund		This new fund supports small and micro businesses that are not eligible for other grant schemes. LAs choose what sectors are eligible.
Deferring self-assessment payments on account		July 2020 payments can be deferred until January 2021, if needed.
Deferring VAT		Childcare services are exempt from VAT.
Early Years entitlement funding		Paid in full until further notice. The council does have the ability to move funding from setting to setting if necessary. Funding may follow the child in the future (not confirmed).
Job Retention Scheme (JRS) (Furloughing)		Employees can be placed on JRS proportionately according to the %age of non LA funding applied to the salary bill.
Self-employment Income Support Scheme		Only if someone is self-employed. Unlike furloughing, recipients can continue to work whilst receiving this. An option for some childminders.
Small Business Grant Fund (SBGF)		If you are a small business that already pays little or no business rates because of: small business relief (SBBR) or rural rate relief (RRR), tapered relief.
Top-up to local business grant funds scheme		If you are using non-domestic premises and a portion of your rent includes business rates in shared space.
Statutory Sick Pay rebate		If this applies to employees.
Time to Pay (tax) service		If you cannot pay your tax bill, apply for this.

Green = tasks completed or options to consider now
Amber = options to consider, some may not be possible
Red = possible options for later if and when needed
