

Friends meet up on the way to school and walk together in groups.

Lots of cars park in front of the school in the morning and afternoon making it difficult to cross the road.

**Pupils bike to school
in groups.**

Pupils bike on the pavements, often forcing pedestrians to step out of the way.

Large groups of older pupils gather together outside school and are intimidating to walk pass.

Cars travel too fast on the roads around the school.

**More boys than girls
bike to school.**

There is a safe storage area at school for bikes.

**Footpaths are narrow,
muddy and dark which
makes the walk to
school difficult.**

**There are safe crossing
places close to school like
pelican and zebra crossings.**

**Pupils that come to school
by car park 10-15 minutes
from school then walk the
last bit.**

**Lots of pupils walk
to school.**

**Lots of pupils bike
to school.**

**Lots of pupils travel
to school by bus.**

**Lots of pupils travel
to school by car.**

Most families share car journeys with other families so fill all the car seats on every journey – Car Share.

Most families travel to school with only their own family in the car.

**There are more cars on
the school run when
it is raining.**

**Cars park on the
yellow zig zag
'School Keep Clear'
markings.**

**Pupils don't feel safe
riding their bike to school
because there is too
much traffic.**

**Pupils listen to music
and use mobile phones
while walking to school.**

**All pupils that bike
to school wear a
cycle helmet.**

**There are good off road
cycle paths to school.**

**If there were more off
road cycle paths, more
pupils would cycle
to school.**

**Pupils cause anti-social
behaviour on the buses.**
